

Sec. 82-2. Obstructing roads prohibited.

Obstructing, by any means, any public or county right-of-way, or county easement, used as a street, road, highway, or causing such obstruction, is prohibited. Obstructing, by any means, any private right-of-way, or private easement for ingress and egress, used as a street, road, highway, or causing such obstruction, is prohibited if such obstruction interferes with the efficient delivery of emergency or law enforcement services.

This section does not prohibit obstruction of a private right-of-way or private easement for ingress or egress by a person with exclusive ownership, according to the recorded instruments of the county, of that right-of-way or easement.

(Ord. No. 03-29, § 2, 11-4-03)
